Homemade Whole Wheat Pancake Mix
by FiveHeartHome.com

Whole Wheat
Pancake
Mix

Directions:

Melt **5 tablespoons butter**; set aside to cool. In a medium bowl (or 4-cup measuring cup), blend together **3 cups buttermilk**, **2 lightly scrambled eggs**, and **1 teaspoon vanilla**. Whisk in cooled, melted butter. Measure **3 1/4 cups pancake mix** into a large bowl. Blend in buttermilk mixture until just combined; do not overmix. Allow batter to rest while skillet is preheating. Cook pancakes over medium heat (adjust as necessary) using butter or coconut oil.
